# Foam Chlor

## HIGH FOAMING CHLORINATED ALKALINE DETERGENT

### For Use On:

Floors  
Walls

Processing Plant  
Stainless Steel

### DESCRIPTION

Foaming, chlorinated, alkaline cleaner specifically formulated for cleaning floors, walls, and equipment in processing plants. Do not use on aluminum galvanized metals or painted surfaces. Keep from freezing.

### DIRECTIONS

The product can be diluted by using a suitable foam-generating dispensing spray system. The dispensing spray system will automatically premix cleaner concentration, water and compressed air to discharge desired foaming cleaner solution. Refer the equipment manual for adjusting the correct cleaner/water proportion and air pressure to achieve the best foam properties. After using this product, all surfaces in the area must be thoroughly rinsed with portable water.

1. General cleaning and bleaching - Dilute 1 part product with 20 parts water.
2. Heavy duty cleaning and bleaching - Dilute 1 part product with 10 part water.

Note: This product **MUST** be diluted before use. Failure to do so may result in damage to equipment or certain surfaces. Wear rubber gloves, eye protection and protective clothing before using.

### PRODUCT SPECIFICATIONS

Active Ingredients:	20% min.	Emulsification:	Good
Color:	Slight yellow	Detergency:	Excellent
Odor:	Chlorine	Rinsability:	Complete with water
pH:	13.5 - 14.0	Flash Point:	None (water-based)
Viscosity:	Water thin	Storage/Stability:	1 year
Foam:	High	Weight Per Gallon:	10.12 lbs. per gallon
Abrasives:	None	Freeze Thaw Stability:	Keep from freezing
Solubility:	Complete with water
